GS 4600 Gas heating reflector

Art.-No. 23.332.00

The Gas heating reflector can be mounted directly on the top of customary 5-11 kg of camping gas cylinders. The long time tested ceramic burner is equipped with adjustable heating power, **aluminium diecast reflector**, ignition safety device and protective grid. Additionally the burner can be tilted to required setting. Gas hose and pressure regulator 50 mbar are included in delivery. Use the Gas heating reflector only outdoors!

Features

- Thermoelectric safety pilot
- Gas pressure regulator
- Gas hose
